

Environmental Policy

GHP Consultancy recognises its responsibility to the communities in which it operates and therefore will endeavour to maintain a position as a socially responsible corporate citizen. As part of its CSR policy, GHP Consultancy is committed to taking a practical and realistic approach to assessing and managing day-to-day business activities in an environmentally responsible manner.

Our commitment to the environment;

- Promoting a working situation which actively encourages sustainability and the protection of the environment by recycling materials and minimising waste
- Communicating and discussing environmental policies with all employees
- Empowering employees to take a pro-active environmentally responsible approach to their working practices
- Setting environmental objectives and implementing a culture of accountability
- Communicating our environmental commitment to all partners, clients, suppliers and interested third parties and working with them to raise awareness of environmental working practices
- Complying with relevant legislation and approved codes of practice
- Monitoring and improving performance on a regular basis

The Partners of GHP Consultancy will monitor and review this policy on an annual basis.

Environmental Policy approved August 2004. Reviewed August 2006.
